Incoming offers include the following tickets:

- Swiss Travel Pass (STP)
- Swiss Travel Pass Flex (STPF)
- Swiss Half Fare Card (SHFC)
- Tailor-made Products (TAM)

This tariff is made available to the sales outlets and service units of participating transport undertakings.

0.1.2 Unless otherwise stipulated below, these terms also apply to e-tickets.

0.1.3 Unless otherwise stipulated, Tariff 600 applies.

0.1.4 Subject to change.

0.1.5 The provisions of Tariff 600 clause 15 and Tariff 600.9 clause 1.11 apply to refunds for late arrival.

### **0.2 Legal basis**

0.2.1 The owner of a ticket or transport document referred to in one of this tariff is bound by the terms of the "Federal Carriage of Persons Act (PBG)" and the "Ordinance on Passenger Carriage (VPB)".

### **0.3 Authorised customers**

0.3.1 All Incoming offers are intended for foreign visitors only. They are personal and non-transferable.

0.3.2 Any person normally resident outside Switzerland or the Principality of Liechtenstein is eligible to purchase these packages provided they do not intend to remain in Switzerland for longer than three months. Proof of eligibility is a passport or identity card.

0.3.3 Swiss nationals living abroad are also permitted to use all the Incoming offers. A Swiss passport can be used as proof of eligibility. However, evidence of fixed residence abroad must be presented in the form of a residence permit, driving licence, certificate of residence, etc.

### **0.4 Ticket issue**

- 0.4.1 Incoming offers issued on paper are supplied in an envelope. These and other information materials can be ordered from STS AG, see Section [0.15](#).
- 0.4.2 Incoming offers can also be issued as e-tickets. Whenever an e-ticket is issued, the passenger receives a link to the map of the area in which the ticket is valid. Unless otherwise stipulated, the terms for e-tickets are as per T600 – clause 3 E-tickets and T600.9 also apply to Incoming offers issued as e-tickets.

## 0.5 Start and end of validity period

- 0.5.1 The first day of validity of an Incoming ticket is freely selectable (flexible dates).
- 0.5.2 In the case of tickets valid for one month, the final day of validity is as follows: If the validity period starts on the first day of the month, the final day of validity is the last day of the month. If the validity period starts in the middle of the month, the final date of validity is the date on the following month which is one digit less than that of the first day of validity.

Examples of the validity of a one-month ticket:

<b>First day of validity</b>	4 April	18 May	1 June	29, 30, 31 January or 1 February	In leap years 30, 31 January or 1 February
<b>Last day of validity</b>	3 May	17 June	30 June	28 February	29 February

## 0.6 Fraudulent use and forgery

- 0.6.1 In the event of fraudulent use or forgery, the affected Incoming ticket will be confiscated. The passenger must pay the price of a one-way trip for the route within Switzerland on which the fraudulent use or forgery was discovered, plus a supplement of CHF 150.00.
